Directions
Shake vigorously before each use. Always test for color fastness by applying in a hidden area. Do not use bleach in conjunction with this product.

Laundry Pre-wash
For regular pet laundry, use 1/4 to 1/2 cup. For heavily soiled items or older stains - pre-treat & let stand 5 - 10 minutes before washing. Always wash in warm, not hot water.

Surface Cleaning

- Before using, remove as much urine or stain as possible.
- Apply a liberal amount of Eco Strong directly on the area.
- Let stand for 5-10 minutes, then blot with a clean cloth and leave to air dry.

Deep Cleaning

- Mix 9 parts of product with 1 part warm water. This step activates **Eco Strong Stain & Odor Eliminator's** deep cleaning power.
- Apply liberally, ensuring that the product penetrates the carpet, underlying pad, and/or cushion.
- Let stand for at least 1-2 hours. Absorb residue out of carpet or cushion using weighted towels.
- Allow to air dry. Stain and odor should be gone. Older stains and odors may need multiple treatments.

Testimonials		
<p>"This stuff saved my dog's bed, one wash and it smells great. Believe me, I've tried lots of these products and they don't work very well. Glad I tried this Eco Strong because this stuff really is fantastic." - Eric</p>	<p>"My daughters dog lifted his leg on my white curtains. I was shocked how well Eco Strong worked. Sprayed it on, a little warm water, waited a bit, then just simply patted it dry. Stain was completely gone, not even an out line left." - Susan</p>	<p>"My cat doesn't always make it to the litter box. I've used every product out here, but the pee smell always comes back in a day or two. Not with this stuff. I used it a week ago, that cat pee smell is gone!" - Janelle</p>
